Re: Lab ID No. 25-00066

Dear Laboratory Director:

Enclosed is your new Certificate of Accreditation to operate as a Pennsylvania Accredited Laboratory. This Certificate of Accreditation expires **3/31/2012** unless suspended or revoked earlier.

Your laboratory identification number is **25-00066**. Please use this number on all correspondence with the PA Department of Environmental Protection (Department).

Your laboratory is accredited to perform only the analyses by the methods listed on the Scope of Accreditation that accompanies the Certificate of Accreditation. The Certificate of Accreditation remains the property of the Department and must be displayed in the laboratory.

Please note this certification must be renewed annually. Renewal applications must be submitted to the Department *no later than 60 days prior to the expiration of the certification*. Failure to submit a renewal application within this time period may result in a lapse of the laboratory's accreditation. Should this occur, the laboratory may not conduct any further analyses for which accreditation is required and, if the laboratory is accredited to perform analyses on drinking water, the laboratory must notify the public water suppliers served by the laboratory of the laboratory's failure to renew its certificate of accreditation. Copies of the renewal application may be found on the Department's web site (www.depweb.state.pa.us/labs).

If you have any questions concerning your certificate, you may contact the Laboratory Accreditation Program at the address, phone number or fax number listed above.

Sincerely,

Aaren S. Alger, Chief
Laboratory Accreditation Program

Enclosure

Continued accreditation status depends on successful ongoing participation in the Program

Laboratory Scope of Accreditation

Attachment to Certificate of Accreditation 009, expiration date March 31, 2012. This listing of accredited analytes should be used only when associated with a valid certificate of accreditation.

State Laboratory ID: 25-00066

EPA Lab Code: PA00118

(814) 870-8070

Erie Water Works Laboratory
340 West Bayfront Parkway
Erie, PA 16507-2004

Program Drinking Water

Table with 5 columns: Method, Analyte, Accreditation Type, Primary, Effective Date. Rows include methods like Colisure - Idexx, ReadyCult, SM 2330 B, etc.

Laboratory Scope of Accreditation

Attachment to Certificate of Accreditation 009, expiration date March 31, 2012. This listing of accredited analytes should be used only when associated with a valid certificate of accreditation.
